

SAURAV SHARMA

Full Stack Web Developer

+91 8800666966 ss0619963@gmail.com New Delhi, India
[Linkedin](#) [Github](#)

SUMMARY

Full Stack Web Developer specializing in the MEAN/MERN stack, HTML5, CSS3, JavaScript, Python, and Java. Experienced in shipping user-centric web applications through remote internships and independently built engineering projects. Strong grounding in Data Structures & Algorithms (DSA) and Object-Oriented Programming (OOP), with a focus on clean, maintainable, production-ready code.

PROJECTS

TenderTrace | Smart Tender Monitoring Platform | [Link](#)

- Engineered a MERN-based tender management system for government bodies, contractors, and citizens, integrating facial recognition attendance and expense tracking.
- Delivered real-time dashboards for project progress, expenditure monitoring, and transparency.

ChatHub.Ai | AI Chatbot Platform | [Link](#)

- Created a modern AI-powered chatbot using React and the Gemini API, enabling real-time conversational interactions with voice input and chat history.
- Implemented a fully responsive UI with theme customization for a seamless cross-device experience.

Renterr | Car Rental Web Application | [Link](#)

- Architected a dual-platform application with separate login portals for customers and vehicle providers, optimizing access control and UX.
- Streamlined an intuitive booking dashboard with secure session management and role-based routing.

Watch Party | Online Youtube Watch Party System | [Link](#)

- Designed a social platform for creating, sharing, and browsing notes in a sticky-note-style dynamic UI with customizable themes.
- Enhanced DOM rendering pathways for smooth real-time updates across post creation and display workflows.

EDUCATION

Bachelor of Technology in Computer Science Engineering
KCC Institute of Technology and Management, Uttar Pradesh, India (Dr. APJ Abdul Kalam Technical University)
Expected May 2027

Diploma in Computer Engineering
Delhi Skill and Entrepreneurship University, New Delhi, India
Dec 2021 – May 2024

EXPERIENCE

MEAN Stack Developer Intern The Entrepreneurship Network (TEN)

Jun 13, 2026 – Present Remote

- Building and maintaining full-stack web features with MongoDB, Express.js, React, and Node.js as part of the core MERN stack development team.
- Collaborating remotely with cross-functional teams to design and ship responsive, scalable web modules using agile practices.
- Following code-quality standards, Git-based version control, and modular architecture to keep the codebase maintainable and production-ready.

Frontend Web Developer Intern - Certificate Codesoft

1 Month Remote

- Delivered responsive UI components with HTML5, CSS3, and JavaScript over a focused one-month engagement, improving overall page load performance.
- Reviewed peer code and adopted team best practices, contributing to a cleaner, modular, and maintainable codebase.

SKILLS

Web Technologies

React.js	Node.js
Express.js	MongoDB
C++	Tailwind CSS
REST APIs	Javascript

CS Fundamentals

Data Structures & Algorithms
Object-Oriented Programming

Tools & Platforms

Git	GitHub
VS Code	Figma

Soft Skills

Problem Solving	Communication
Team Collaboration	Self-Motivated
